Sustainable and Green Finance Training Course

Introduction

Sustainable finance is one of the fastest-growing areas of global and Gulf capital markets. Governments, banks and corporates are issuing green bonds and sustainable sukuk, and lenders are integrating ESG and climate risk into credit and investment decisions.

This course explains the instruments, frameworks and practices of sustainable finance, including green, social and sustainability-linked bonds and loans, sustainable sukuk, ESG integration and climate risk management in financial institutions.

Learning Objectives

By the end of this course, participants will be able to:

- Explain the sustainable finance landscape and key frameworks
- Describe green, social and sustainability-linked instruments
- Understand the structure of green bonds and sustainable sukuk
- Integrate ESG factors into credit and investment analysis
- Assess climate-related financial risks
- Avoid greenwashing in sustainable finance products

Training Methodology

This course combines short expert presentations with practical exercises, case studies from the Gulf and international organisations, group discussions and work with real templates and tools. Participants are encouraged to bring examples from their own work so that the learning can be applied immediately.

Participants analyse real issuance frameworks from the Gulf and apply ESG criteria to investment cases.

Benefits for Your Organisation

- Access to growing pools of sustainable capital
- Better management of climate and ESG risk
- Credible sustainable finance products
- Compliance with regulator expectations
- Stronger investor relations

Benefits for You

- Expertise in sustainable finance instruments
- ESG analysis skills
- Understanding of Islamic sustainable finance
- Knowledge of market frameworks and standards
- Strong positioning in banking and investment careers

Who Should Attend

This course is designed for:

- Bankers, credit and investment analysts
- Treasury and corporate finance professionals
- Risk managers in financial institutions
- Sustainability and ESG professionals
- Regulators and government finance officials

Course Outline

Day 1: Sustainable Finance Landscape
