Accounting Assistant Training Course

Introduction

The role of an Accounting Assistant is rapidly evolving due to advancements in technology. Traditional bookkeeping has shifted towards digital accounting, allowing accounting assistants to work virtually from anywhere and access global clients. This evolution has transformed accountants into business advisors who focus on strategy rather than just number-crunching.

Learning Objectives

By the end of the Accounting Assistant Training Course, participants will:

- Develop an understanding of basic accounting concepts and principles under the Double-entry system.
- Comprehend the significance of accounting.
- Apply qualitative characteristics to prepare financial statements.
- Use the rules of Debit and Credit under traditional and accounting equation approaches.
- Practice recording financial transactions and reporting them in financial statements.

Training Methodology

This course includes:

- Classroom sessions with presentations by experienced trainers
- Group discussions
- Problem-solving exercises
- Group activities and projects
- Sharing experiences and best practices from participants' organizations Xcelerate Training Institute follows the ‘Do–Review–Learn–Apply’ model for effective learning.

Benefits for Your Organisation

Organizations will benefit from:

- Increased awareness of business finance principles and practices.
- Improved collaboration and communication with finance and commercial functions.
- Faster month-end and year-end account closures, reducing costs.
- Effective use of the latest technologies for smooth transaction processing.

Benefits for You

Participants will gain:

- Enhanced communication and connection with finance and commercial colleagues.
- Better understanding of business and accounting cycles for smooth transaction processing.
- Skills to quickly close monthly and year-end accounts.
- Ability to prepare and present financial statements with ease.

- Use of advanced technologies to reduce costs and time for the organization.

Who Should Attend

This course is suitable for:

- Accounting assistants, administrative assistants, junior accountants, accounting trainees, accounts clerks, administrative secretaries working with accounts, and support staff. No prior accounting experience is required.
