Corporate Resilience Training for Managers and Organizations Training Course

Introduction

Introduction

Do you want your organization, your employees and your team members to respond to the developments and the disruptions that occur around them well in advance?

Do you want to be the custodian of an organization or team which finds opportunities in times of uncertainty?

Resilience is about thinking ahead and responding to the possible changes to enable individuals and organizations to survive and thrive in this VUCA world. It also acts as a strategic enabler for business leaders.

It helps the organizations to identify, minimize risks and safeguard any challenges that they might face at a global or local level to sustain and prosper in midst of fluctuations and disturbances in this ever-changing business scenario.

This course on Corporate Resilience Training by Xcelerate Training Institute Solutions will empower the organization and its managers to ensure business continuity, profitability and respond to the challenges in the constantly changing workplace and business environment.

Learning Objectives

You will benefit from the objectives as follows:

- Ensuring long-term prosperity for the organization
- Respond, not React to challenges and adversity
- Bounce forward in times of disruption and uncertainty
- Improve productivity at work
- A healthy and engaged leadership and managerial team

Training Methodology

We at Xcelerate Training Institute Solutions, offer real-time business scenarios and examples in a highly interactive presentation. This will be complemented by the inclusion of several management games, paper-pencil exercises, activities, role plays, videos, and robust practice sessions. You get an opportunity to cross-pollinate your ideas with other industry participants as well.
