Fixed Asset Accounting and Management Training Course

Introduction

Fixed Asset Accounting and Management involve tracking and managing the economic resources owned by a business. These assets, whether machinery for a manufacturing plant, coffee machines for a café, software for an IT firm, or medical equipment for a hospital, are essential for generating revenue and ensuring smooth operations. Proper management and accounting of fixed assets help businesses optimize their use, reduce risks, and maximize returns.

Learning Objectives

Upon completing the Fixed Asset Accounting and Management course, participants will:

- Understand various concepts and terminologies related to fixed assets accounting and management.
- Recognize the importance of efficiently using fixed assets to increase profitability.
- Learn techniques, frameworks, and treatment of fixed assets in accounting records.
- Gain knowledge of different methods of asset acquisition and cost management.
- Understand how efficient asset management can prevent production delays and ensure smooth operations.
- Comprehend how fixed asset management can maximize returns for business stakeholders.

Training Methodology

This collaborative course includes:

- Interactive lecture sessions
- Problem-solving sessions
- Presentations
- Case studies
- Group discussions
- Management games Xcelerate Training Institute follows the ‘Do-Review-Learn-Apply’ model for effective learning.

Benefits for Your Organisation

Organizations will benefit from:

- Establishing manager responsibilities for better fixed asset management and control.
- Achieving accurate valuation of fixed assets for a true picture of the firm’s financial position.
- Efficiently tracking tangible assets.
- Applying correct depreciation and amortization methodologies.
- Ensuring timely replacement of assets upon obsolescence or end of economic life.
- Establishing procedures for upgrading, maintaining, and managing fixed asset costs.
- Identifying and managing risks associated with certain assets.

Benefits for You

Participants will gain:

- A deeper understanding of financial accounting and its relation to fixed asset accounting.
- Enhanced accounting skills through knowledge of fixed asset treatments, posting methods, and techniques.
- Practical experience from solving numerical exercises and case studies.
- An edge over peers with advanced knowledge of fixed asset management.
- Efficiency in preparing financial reports.
- Improved decision-making and risk management skills.
