10 Day Intensive Training In HR Training Course

Introduction

Introduction

What is 10 Day MBA in HR? The Comprehensive MBA in HR program is designed by Xcelerate Training Institute to give HR professionals theoretical and practical exposure to the role and responsibilities of HR in any organization. This course is custom-designed to ensure that the participants succeed in their role.

HR is the division of a business, responsible for obtaining, inspection, recruiting, and training job applicants, managing employees, and dispensing employee-benefit programs. HR department that embraces HRM strategies performs a more active role in improving an organization's workforce. They endorse processes, methodologies, and business resolutions to management.

HRM is related to the 'people' side of an organization. It is around achieving the adequate number of people with the required skills and knowledge to accomplish the strategic goal of an organization.

HR department provides the essential tools, training, administrative services, talent management, legal, and management advice that an organization needs for successful operations.

HR team is not just accountable for recruiting but goes beyond that; nurturing talent, managing compensation and motivation, employee engagement is some of the essentials managed by HR. The HR function involves strategic decision-making, handling special situations related to mergers or layoffs. HR team is liable for establishing the culture of the organization and ensuring that the organization has vision, mission, and values that are aligned with all the employees.
