Talent Sourcing and Recruitment Analyst Training Course

Introduction

Introduction

Effective recruitment helps organizations have the right people for the right role at the right time. Recruitment is not only about filling a vacant position. Poor hiring decisions and the inability to attract and retain the right talent can result in a major loss for any organization.

The recruiters play the role as advisors of talent. Interacting with the prospective candidates and matching the profiles of the right person to the right job is on their list of priority.

Recruitment, if handled well, will ensure the long-term success and competitiveness of the business in the marketplace. This would be possible if people hired to hire the team are experts and analysts in recruitment themselves.

This course on gaining expertise as a Recruitment Analyst by Xcelerate Training Institute will empower you to become the brand ambassador of your organization and drive business productivity. It will also help you address the challenges at any stage of hiring timely and, thus ensure the success of your organization’s goals.

Learning Objectives

- Understand the process of effective recruitment
- Understand the different ways to conduct the search on several job sites with special reference to Boolean operators
- Analyze requirements, and the competencies required at the workplace for a specific position
- Screen and Shortlist the competent prospects for hiring
- Act as the brand ambassador of the organization
- Conduct interviews efficiently and effectively
- Evaluate candidates based on Knowledge, Skills, and Attitude
- Understand other recruitment techniques like Group Discussion, Psychometric Testing, Role Plays
