Digital and Social Media Marketing Training Course

Introduction

Customers in the Gulf are among the most active digital and social media users in the world. Organisations that plan digital marketing strategically can reach the right audiences, generate leads and measure results precisely.

This course covers digital marketing strategy, websites and SEO, content marketing, social media platforms, paid advertising, email marketing, AI tools for marketers and analytics, with practical exercises for business-to-business and business-to-consumer marketing.

Learning Objectives

By the end of this course, participants will be able to:

- Build a digital marketing strategy aligned with business goals
- Optimise websites and content for search engines
- Plan content and social media campaigns
- Run and optimise paid advertising campaigns
- Use email marketing and marketing automation
- Measure performance with analytics and use AI tools effectively

Training Methodology

This course combines short expert presentations with practical exercises, case studies from the Gulf and international organisations, group discussions and work with real templates and tools. Participants are encouraged to bring examples from their own work so that the learning can be applied immediately.

Participants build a digital marketing plan and campaign for a real or case organisation.
