Intellectual Property Management for Organisations Training Course

Introduction

Brands, software, content, designs and know-how are often an organisation's most valuable assets, yet many are poorly protected. Intellectual property disputes and losses can damage competitiveness and revenue.

This course explains the main types of intellectual property, how to protect them in the Gulf and internationally, and how to manage, license and enforce them as part of business strategy.

Learning Objectives

By the end of this course, participants will be able to:

- Identify the main types of intellectual property
- Protect trademarks, copyright, patents and designs
- Manage trade secrets and confidential information
- Draft and review IP clauses and licences
- Handle infringement and enforcement
- Build an IP management policy

Training Methodology

This course combines short expert presentations with practical exercises, case studies from the Gulf and international organisations, group discussions and work with real templates and tools. Participants are encouraged to bring examples from their own work so that the learning can be applied immediately.

Participants review IP clauses, registration examples and infringement cases.

Benefits for Your Organisation

- Better protection of valuable intangible assets
- Fewer IP disputes and losses
- Revenue from licensing and partnerships
- Clear IP ownership in contracts

Benefits for You

- Practical IP knowledge for business roles
